Performance area (Is there a stage and if so what size and does it have working curtains?)

We usually hire a stage for performances. Sizes available 4m x 2m or 4m x 3m. No stage curtains.

If the company are to perform on the floor, how can it be ensured all the audience can see? What may the company need to consider when preparing their seating plans?)

Hall is suitable for floor based performances, but the raised stage makes for better visibility. We always do a seating plan ourselves.
