---

### **Car Park:**

Car park situated at front of building with 1 designated parking space close to main entrance.

---

### **Entrance:**

Concrete plinth forms a level hard standing at the entrance. \*  
Level access through double doors – Step-free route through to hall.

---

### **Performance Space:**

A stage is situated at one end of a long narrow hall and is accessed via 4 steps (in front of 'proscenium arch') and 4 steps (offstage left).

---

### **Green / Changing Room:**

Level access to changing room - accessed from corridor - then 4 steps up to stage (offstage left).

---

### **Toilet Facilities:**

Ladies & Gents WCs plus unisex accessible WC are situated off the main corridor. Performers & Audience use the same WC facilities.

---

### **Induction Loop / Infrared System**

No \*\*

---

### **General Comments:**

\* The car park has been resurfaced which has now reduced the threshold height of the plinth at the point of entry.

\*\* It is hoped that an induction loop will be installed in the near future - (06). No immediate plans to install loop ('07).

---
